# Contract/Temporary Staffing Services

Under On site Hire™ engagement model, Greet Labs offers contingent workforce solutions to deliver the qualified people you need, when you need them – either to supplement in-house skills for one-off projects or to respond to peak workload demands. Our bespoke recruitment services are fitted around individual client needs. We ensure service level agreements, contracts, employment methods and pricing structures are tailored for each client.

## Support Services

To provide our clients with the best candidates possible, we provide a range of support services for our candidates. These include:

- Dedicated account management to maintain relationships with our candidates
- Regular reviews to ensure continued satisfaction with our service
- Ensures we work to high standards, providing an ethical and professional service

## How You Benefit

- Reduction in operational cost
- Ability to hire experienced human resource for specific and time bound jobs
- Increased ROI
- Ease of recruitment and replacement
- Increase resource mobilization for others areas of business
- Staff up or down easily in response to business needs
- Freedom from complex HR, logistical and statutory compliance responsibilities

# Permanent Staffing Services

## Support Services

Greet Labs proven recruitment procedures and methods are designed to meet two principal objectives:

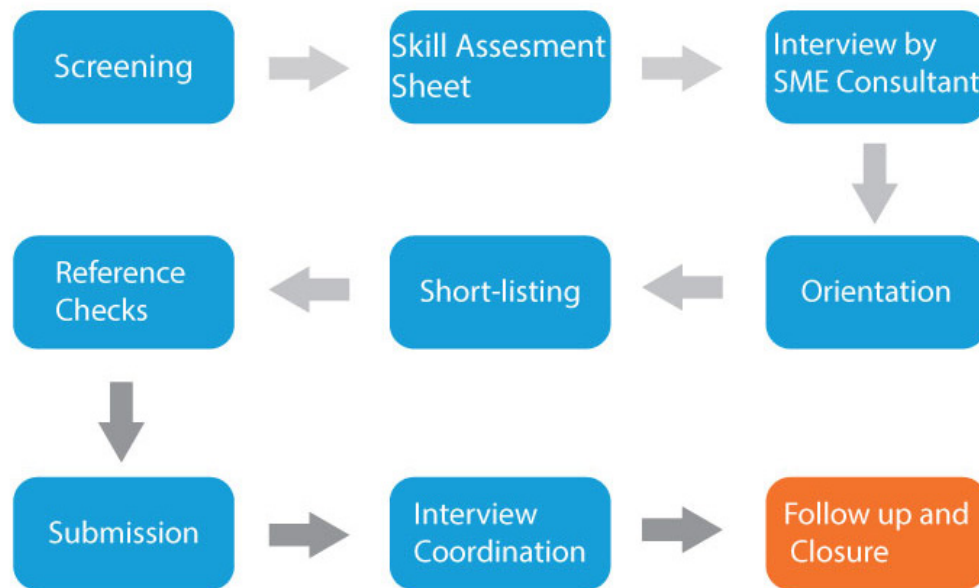

- Minimize the time, cost and effort you put into the recruitment process
- Maximize the likelihood of getting the best candidate for the role

We build a solid understanding of your organization, your recruitment needs and recruitment procedures so you can be assured that we will work in compliance with your internal recruitment procedures. We provide pre-interview technical testing and screening to ensure the quality and ability of candidates. Permanent Recruitment Services include:

- **Contingency recruitment**
- **Selection/Client driven advertising**
- **Psychometric and technical testing, first line interviewing**
- **Off-site interviewing facilities**
- **Extensive filtering process to identify the best candidates for your company**
